

Château Bellegrave

2021 Vintage

A vintage that truly reflects its terroir

Spring 2021 was cool and wet in the region, with localised frost. Fortunately, the Gironde Estuary helped to protect our vineyards, sparing them from the vagaries of the weather.

The meteorological conditions were particularly conducive to the spread of mildew, which posed a significant threat throughout the growing season.

While initially slow to emerge, the summer eventually set in, with a sunny and fairly dry month of August, albeit without excess heat. These conditions were favourable to slow, optimum ripening, which led to a later harvest than last year and an equally small crop.

The 2021 vintage saw the return to a classic, technical vintage, with the freshness and structure that Bordeaux wines are famous for.

“After fearing and eventually being spared from the spring frost, this vintage allowed us to showcase our technical expertise in more difficult weather conditions compared to previous years! Predominantly made from Cabernet Sauvignon, with a more traditional balance between alcohol and acidity, our wines are incredibly elegant and harmonious.”

Ludovic & Julien Meffre - April 2022

CHÂTEAU BELLEGRAVE 2021
